

Lies

The Kelly Family

I never told you any lies,
doing all your little chance
Has main be all so much
never be the same never again

He never told me any lies,
he always tried to be so fair
I declared the time or two
he's just the man I love
Can't you see

He never told us any lies,
he always tried to be fair
We declared the time or two
he's just the man we love
Can't you see

He never told me any lies,
I forgive the time or two
I'll give a big insure
he's no longer alone
As you can't see

He never told us any lies,
so we'll forgive the time or two
We'll give this big insure
he's no longer alone
As you can't see 3x

He never told us any lies 3x
