

Motherhood

The Kelly Family

Let's sing our song to motherhood,
let's sing our song to motherhood.
Do this song through the sorrows of your life,
do this song through the sorrows of your life.

It's a star on earth that gave her the count,
it's a star on earth that counts all the wound.
Do this song through the sorrows of your life,
do this song through the sorrows of your life.

Ever tell them then 15 million babies have died!
Oh, 15 million babies has no sense that they'd to die.
Tell me one, tell, tell me, mama, do I have to die?
Tell me one, oh mama, don't let me die!

Soon you've passed this gone with the chance for your life.
Makes yourself strong, believe me, not lie!

Let's sing our song to motherhood,
let's sing our song to motherhood.
Do this song through the sorrows of your life,
do this song through the sorrows of your life!
