

If I Lose Christmas

Kelly Price

Holiday season is coming our way
Music and lights set the mood for the day
There are so many things that I've gotta do
To make Christmas special for you

Shopping and planning, all things in their place
Company's coming in just one more day
My body is tired, there's so much to do
I can't wait till Christmas is through, oh

Remember the Christmas candy dish, I do
And sneaking to find your hidden gifts
The carols I sung and the games I played
Oh, when did they all go away?

Remembering Santa's lullaby
The night before Christmas butterflies
Christmas means to you, oh yeah
What Christmas means to me
'Cause I don't wanna grow up, oh no
If I lose Christmas

Oh, remember the Christmas candy dish, I do
And sneaking to find your hidden gifts
The carols I sung and the games I played
Oh, when did they all go away?

Remembering Santa's lullaby
The night before Christmas butterflies
Christmas means to you, yeah yeah
What Christmas means to me
'Cause I don't wanna grow up, oh no
If I lose Christmas

Merry Christmas, Mommy
Merry Christmas to you too
