Kendrick Lamar

These metamorphic supernatural forces dominate what I see  
A Gemini, duality personalities always conflict in me

Oh! But don't be scared of me, girl  
I can explain  
I know it's foreign to you  
I know it's hard to believe  
God give me the favor  
Let me explain  
More than a compliment  
And I could use some assistance, let me show you how  
I can explain  
Oh shando! I spin around two times  
I'll be there with the answer  
Let me explain

I'm bizarre, avant-garde  
Both sides of me are evenly odd  
It's attractive  
You're intrigued  
Am I mortal man or make believe?  
Anything you want  
I can explain  
I can explain it  
Any misunderstandings, baby  
Let me explain  
I can explain it  
Why don't you sit and talk to me?  
I can explain  
Let me explain it, ah yeah  
Let me explain

My mama told me that I was different the moment I was invented  
Estranged baby, no I'm not ashamed  
I recommend every inch of your lunatic ways  
Praise the lord, you teach the kids how to be themselves and plenty more  
You know the male species can be redundant  
I mean we love a woman and think we can satisfy her  
Between sheets, covers and pillows  
I'm promising your lack of tolerance stuck on a zero  
I'm promising that I'm acknowledging you as my hero  
Cause you believe in me  
No you're not easily impressed  
But I possess qualities that you need to see  
Look at my flaws, look at my flaws  
Look at my imperfections in awe  
Look how you unique that my mystique is a round of applause  
And yours equally valued  
You stick out like an alien compared to those around you  
And that's alright because I like it  
You and me are the same  
Hopefully I'm invited, hopefully you don't change  
Because I know for sure who you are

I can explain  
Your mama raised you, your daddy raised you  
Hand washing your clothes on Sunday

Let me explain  
Walking your brother to school, three miles away  
To feed him knowledge  
I can explain  
Don't you explain that, don't you explain the reason why your mind, it travels  
Let me explain  
I wanna know what you think  
I wanna pick your brain when I see you  
But don't you ever  
Let me explain  
Oh shando!  
I spin around two times, a blessing in disguise  
I can explain  
I know for sure who you are  
You're the goddess of the odd  
I am yours  
I can explain

I am yours  
I am yours  
I am yours  
I am yours
