

# Brother John

Kenickie

And now its all gone wrong  
Brother John can't fix it can't call  
Onto one of his midgets  
Cos I am the best  
Don't you ever dare to forget  
Get on your knees  
And belive it

I think that everyone looks better  
When they're sad  
It's OK to be sad

It's up to you  
Where your going  
What you will do  
Time to make a decision  
Don't prtend you're nice  
Just run fast catch up to your life  
It's rolling over with ya  
Yeah...

Ithink that everyone looks better  
When they're sad  
Its OK to be sad

I rule the throat  
Give you golden tablets to swallow  
Get it down when I tell ta  
Take out your eyes  
Give you back a ruby suprise  
Now your tears are worth it  
Yeah...

To think that they belive us  
When we say we're sad  
It's OK to be sad

Don't make my mistakes  
And live too fast  
Fillyour life with dirty passion  
Don't make my mistakes and  
Close your eyes  
Fillyour head  
Up with things you like  
Yeah...

Let's hear some noise (who!!!)  
Come on children give us your voice  
Time to show you belive it  
Sing Alleluia (Alleluia!)  
Give it all you've got for real fur  
Cos we know what you'r wearing  
Yeah...

I think that everyone looks better  
When they're sad  
It's OK I'm not sad
