

# It's That Time of Day

Kenny Chesney

It's that time of day  
That we all knew would come  
To pay for all the rum  
And pull up anchor cause we're done  
It's that time of day  
I see a cotton candy sky  
So many colors in my eyes  
Proof again God's alive

This ain't a goodbye  
It's a "till I see you again"  
What a wonderful time  
We've all shared my friends  
Another day at sea  
Has come and gone away  
So adios to Jost  
Adios to Jost  
Adios to Jost  
It's that time of day

It's that time of day  
When we bottle up the sun  
Let our inhibitions run  
Feeling courageous and numb  
It's that time of day  
When we take a leap of faith  
Hand in hand as we pray  
In this moment we could stay

This ain't a goodbye  
It's a "till I see you again"  
What a wonderful time  
We've all shared my friends  
Another day at sea  
Has come and gone away  
So adios to Jost  
Adios to Jost  
Adios to Jost  
It's that time of day

Adios to Jost  
Adios to Jost  
Adios to Jost  
It's that time of day

I see sails in silhouette  
A sailor's sky turning red  
So many I love you's said  
Toasts are made  
It's that time of day  
It's that time of day  
It's that time of day

Adios to Jost  
Adios to Jost  
Adios to Jost  
It's that time of day
