

## Living in Fast Forward

Kenny Chesney

The body's a temple, that's what we're told  
I've treated this one like an old honky-tonk  
Greasy cheeseburgers and cheap cigarettes  
One day they'll get me if they ain't got me yet

'Cause I'm living in fast forward  
A hillbilly rock star out of control  
I'm living in fast forward  
Now I need to rewind real slow

My friends all grew up, they settled down  
Built nice little houses on the outskirts of town  
They work in their office, drive SUVs  
They pray for their babies and they worry 'bout me

'Cause I'm living in fast forward  
A hillbilly rock star out of control  
I'm living in fast forward  
Now I need to rewind real slow

I'm always runnin'  
Son of a gunnin'  
I've had a good time it's true  
But the way I've been goin'  
It's time that I toned it  
Down just a notch or two

Oh yeah ...

Well I'm living in fast forward  
A hillbilly rock star out of control  
I'm living in fast forward  
Now I need to rewind real slow

Well I'm living in fast forward  
A hillbilly rock star out of control  
I'm living in fast forward  
Now I need to rewind real slow

Yeah I need to rewind real slow  
Yeah I still got some miles to go
