

Kaleidoscope

Kerli

Your body echo in the sunlight
is everything I feel
everytime we touch...
We're moving fast, we're shiny and so bright.
Tell me this is real
every time we touch...

Kaleidoscope, there's so much color.
I'm so in love, I see no other
your reflection in my eyes
catching pieces of paradise.
Kaleidoscope...

The stars are dripping down the night sky
and if it's a dream,
please, don't wake me up...
Your hands on me make me feel alive.
If it's not what it seems,
please, don't wake me up...

Kaleidoscope, there's so much color.
I'm so in love, I see no other
your reflection in my eyes
catching pieces of paradise.
Kaleidoscope...
