Last Breath

Kerli

Reaching for your heart,
breaking through the ground
I blossom in your arms.
Please, don't cut me down.

I would die for your love.
Would you die for my love?

If you were falling
somewhere down to a fast death,
if you were drowning,
I would give you my last breath.

Reaching for your heart,
pressing through the crowd,
glowing in the dark...
Can you find me, now?

I would die for your love.
Would you die for my love?

If you were falling
somewhere down to a fast death,
if you were drowning,
I would give you my last breath.

I would die for this.
I would die for you.
Would you die for it?
Would you die for me, too?

If you were falling
somewhere down to a fast death,
if you were drowning,
I would give you my last breath.
