

First Time I Saw Your Face

Coyne, Kevin

First time I saw your face
Oh, what a lovely face
What a face and what a smile
For me, yeah, yeah, yeah

A wonderland of light and blue
Oh baby, when I met you
What a smile and full of love
For me yeah, yeah, yeah

First time I saw your face
I saw that state of grace
A perfect dream just walking by
For me yeah, yeah, yeah

The finest dreams for ever more
You opened all the doors
Now, I know I have your love
And it's real, yeah, yeah, yeah, yeah, yeah

First time I saw your face
I saw our first embrace
Held you close from across the room
And it was real, yeah, yeah, yeah, yeah, yeah

You went on floating by
I saw that look in your eye
It was love and real love
That I could feel

First time I saw your face
Oh, what a lovely face, yeah
What a face and what a smile
For me, yeah, yeah

A wonderland of light and blue
Baby, when I met you
What a smile and full of love
All for me, all for me

First time I saw your face
I saw a bit of grace
A perfect dream just walking by
For me
