You Complete Me

Keyshia Cole

Can you hear me out there?
Have you ever had someone who loved you
Never leave your side?
I know you'll be here because you love me, yes, you do

I'm givin' all my life and all my love if you Promise me that you'll be here forever I'll give you all of me, I'll give you everything If you promise me you'll never leave me

What my friends say don't matter You'll be right here from the start And I'll get on my knees, I'll give you all of me If you never leave my side, because

You love me, you complete me
You hold my heart in your hands
And it's okay 'cause I trust that
You'll be the best man that you can
Baby, you love me, yeah, oh yes, you do, yeah

And no matter what they ever say about you I'm gonna stay by your side
Promise me no matter what they say about me
That you're gonna be here until the end of time

'Cause you held me down when nobody was around And gave me all the love I need So give me more, don't you ever leave 'Cause you complete me

I know, you love me, you complete me You hold my heart in your hands And it's okay 'cause I trust that You'll be the best man that you can

'Cause you, give me my heart back Give me my love back, baby I want it all because it's never enough Give me my heart, give me my love back I want it all because it's never enough

You love me, you complete me You hold my heart in your hands And it's okay 'cause I trust that You'll be the best man that you can

You love me, you complete me You hold my heart in your hands And it's okay 'cause I trust that You'll be the best man that you can

And it's okay
I know you do, I know you do
Yes, you do, I need you, too
Yeah, I love you, baby, ohh
