

I'm single in the streets 'bout to get it in  
Talkin' bout some drinkin' and some mingling (woh)  
Can't believe what I'm seeing, man, all these girls, look, look,  
Hmm get in the car ya'll, I just wanna make her feel hot,  
Let me smell your sin girl damn you look so  
No groupies, see a blonde girl with a brunette  
See a nigga cruzin' in the red benz  
I just want to double up, tripple up  
So many surprises oh so many colors and sizes  
Love them, I want them, they need me  
I'm rollin' coastin'

I see pretty girls everywhere I go  
Every, everywhere I go, every, everywhere I go (3x)  
(So many colors and sizes, so many surprises)

Guess what? A nigga turnt up  
All the windows closed for the roast up  
Club club letting out for the post up  
All I need is somebody to fly with and smoke this tree  
Down for doing acid  
Sit up on that waist let that ass fit  
Let me feel your skin on mine unwind whats on your mind  
And tell me somethin that moves me  
Seen all types, different continents  
Nothing more intriguing than an accent  
That's a one, two, double up, get it up  
So many surprises, so many colors and sizes  
Love them (mmh) they're so dope, they're so dope  
We're rolling, coasting

I see pretty girls everywhere I go  
Every, everywhere I go, every, everywhere I go (3x)  
(So many colors and sizes, so many surprises)

When you live like me, you get used to fun  
There's an endless supply of the beautiful ones  
So I opened up those exotic thighs  
The baddest little bitch half black half Thai  
Don't be prejudice, cause she's mixed.  
I'd still fuck the blackest bitch  
That's how it is, if you in my world  
Light skin, white momma you a white girl  
And I got that fever and a big thick you know what I wanna feed here,  
Met a girl named maria, its your turn, I loved them senoritas,  
I'd like to fuck them, but then I said fuck 'em  
Lil momma can get a little somthin  
OG Too Short dont stop  
All the pretty girls come on top

I see pretty girls everywhere I go  
Every, everywhere I go, every, everywhere I go (3x)  
(let me see that body)  
(like everywhere, my favorite kind, bitch)
