

# Sweet Love Song to My Soul

Kim Carnes

You make everything beautiful  
You make everything come alive, yes you do now  
You make everything real again  
When you look at me, yes and you smile  
You bring me

Happiness  
Tenderness  
You're the sweet love song to my soul  
Happiness  
Tenderness  
You're the sweet love song to my soul

I don't need to go no farther  
Than this feeling you just laid down on me  
Takes me so high  
All I got to do is look  
And you bring me

Happiness  
Tenderness  
You're the sweet love song to my soul  
Happiness  
Tenderness  
You're the sweet love song to my soul
