

# Will You Remember Me

Kim Carnes

Oh how I hate when it's over  
To say good-bye  
No one could say we didn't give it a good try  
Went straight for the heart with all we could feel  
You gave me the best part  
And I gave you my heart

Will you remember me  
Will I be just another lover  
In you memory  
Long after tonight  
And for as far as I can see  
I'll remember you  
Will you remember me

Don't turn out the light  
Cause there's more to be said  
There's a bottle of wine  
We haven't finished yet  
Guess it's all in the way  
We live for today  
You gave me the best part  
And I gave you my heart

Will you remember me  
Will I be just another lover  
In you memory  
Long after tonight  
And for as far as I can see  
I'll remember you  
Will you remember me
