

# Forever Praise

Kim Walker-Smith

You came like the break the day  
Stole my heart away, now I belong to you forever  
You danced and shouted over me, you loves a raging sea  
Now I am lost in you forever

You're washing over me  
You're washing over me

You're my one and only  
The king of glory  
It's you I desire here

You're my one and only  
The king of glory  
It's you I desire here

Surrender, it's where my heart will be  
Your words are life to me  
Now I will trust in you forever

I'm caught in the power of your gaze  
Your love has brought me grace  
Now I will walk with you forever

You're washing over me  
You're washing over me

You're my one and only  
The king of glory  
It's you I desire here

You're my one and only  
The king of glory  
It's you I desire here

You're my one and only  
The king of glory  
It's you I desire here

You're my one and only  
The king of glory  
It's you I desire here

All that is within me praise  
All that is within me praise  
All that is within me praise  
All that is within me praise

Oh Lord

Forever  
Forever  
Forever Praise

Forever  
Forever  
Forever I will praise

Woah, oh

You're my one and only  
The king of glory  
It's you I desire here

You're my one and only  
The king of glory  
It's you I desire here

You're my one and only  
The king of glory  
It's you I desire here

You're my one and only  
The king of glory  
It's you I desire here
