

Two

King's X

Two words
Love, hate
Where are you
You know who you are
Two words
Love, hate

Touch me
Truly
Where are you
You know who you are
So I'm asking you
So far

Don't know where to look anymore, I can't find you
Don't know where to look anymore, where are you

Where are you
You know who you are
So I'm asking you
So far

Two words
Love, hate
