Crawl

Kings of Leon

You fault my pride Don't ever need to 'pologize As your lips unfold Shaken purple from the cold

You better learn to crawl You better learn to crawl Before I walk away Before I walk away

You broke my mouth The bloody bits are spitting out Is your grave unscathed The worm is counting down the days

He wants to see you crawl He wants to see you crawl Before I walk away Before I walk away

The reds and the whites and abused The crucified USA As their hypocrisy unfolds Oh hell is truly on its way

As the rat, and the fly They're searching for an alibi As we await the wrath They never went to Sunday Mass

They want to see us crawl They want to see us crawl Before they walk away Before they walk away

The reds and the whites and abused The crucified USA As their hypocrisy unfolds Oh hell is truly on its way
