Strange living with a name They get the best of me But I'm gon' walk away

I don't complaint, I got much to gain So they keep testing me And I keep feeding their face

But they could go off and hit the road And what would I care? I like going nowhere

I got the reigns, courage I was made of And they got the fake love So I know I must show

It's my show, I must go
With my soul not my hand
Where I stand it's my role, it's my soul

Pearls, necklaces and girls And all the pretty thing I ain't seeking to have

It's safe to say
If I don't get this out of me
I might quite easily end up dead

Mad cross my T's, try to dot my eyes But that's blinding me I ain't living that way

I roll my sleeves
And make me a better man of me
I might easily just give up on the show

Yes, my show, I must go
With my soul not my hand
Where I stand it's my role, it's my soul

I must show, it's my show, I must go With my soul by my hand Where I stand it's my role, it's my soul

It's my show, it's my show
