## **Molly's Chambers**

**Kings of Leon** 

Free- is all that she could bleed That's why'll she'll never stay White- bare naked in the night Just lookin' for some play Just another girl that wants to rule the world Any time or place And when she gets into your head You know she's there to stay

You want it She's got it Molly's Chambers gonna change your mind She's got your Your pistol

Slow- She's burnin' in your soul With whispers in your ear It's okay I'll give it anyway Just get me out of here You'll plead- you'll get down on your knees For just another taste And when you think she's let you in That's when she fades away

You want it She's got it Molly's Chambers gonna change your mind She's got your Your pistol
