

A Country Boy For Christmas

Kira Isabella

Santa I've been awfully good
I've got one wish so if you could
Wrap him up as your leaving the north pole
He should stand 6 foot 2
With faded jeans and cowboy boots, somewhere around 18 years old

The only present that I really want this year
Should have eyes like Keith Urban
Be strong like Tim McGraw
Have hair like Dierks Bentley and
Sing like them all
He should love my momma and take good care of me
I want a country boy under my Christmas tree

I don't mind a farmers tan
A real cute smile and rugged hands
That go to work all day until the sun goes down
He'll ask my dad if it'll be okay
If he could take me out for our first date
Cruising in an old ford truck I can see us now
The only present that I really want this year

Should have eyes like Keith Urban
Be strong like Tim McGraw
Have hair like Dierks Bentley
And sing like them all
Play guitar like Brad Paisley
A little wild like Toby Keith
Have the heart of my grand daddy
Pray from his knee
He should love my momma and take good care of me
I want a country boy under my Christmas tree.

Get in that sleigh
And fly
I'll be dreaming of him in a big red bow
In the morning light I'll meet you underneath the mistletoe
Eyes like Keith Urban
Strong like Tim McGraw
Hair like Dierks Bentley
And sing like them all
Play guitar like Brad Paisley
A little wild like Toby Keith
Have the heart of my grand daddy
Pray from his knees
He should love my momma and take good care of me
I want a country boy under my Christmas tree

Yeahh yeahh yeah
Under my Christmas tree
A country boy just for me
A country boy just for me
