

## Pink Lemonade

Kittie

Trusted you  
With my life  
Shattered dreams  
Broken glass  
I hope there is closure  
Down your path  
For I have yet to find  
The means to forgive  
So what if you were all I had?  
Is it over?  
Wasting away  
And forget to see  
Go choose your way  
Leaving everything  
You walked away  
Did it make it easier on you?  
So what now?  
Life must go on still haunted  
You know how hard it is to face this day  
I hope it is good for you  
I tried, oh how I tried, but it's broken  
Let me go, I could have died
