

Strobelights

Krewella

Strobelights are everywhere
Smoke is filling the air.
Turn up the fader, yeah
This is how hard we go

Hypnotic on the rocks
My drink drink drink glows in the dark
Got my LED on
Taking chemical shots
So much that your mouth is bubbling
So much that your sturering
To the beat, Do you feel that
Boom boom
Tell me do you feel that
Boom boom boom boom

Like an 808 go boom
Make ya body go boom boom
Turn up the stereo
Oh oh oh oh oh
Get naked on the floor
Spin the bottle came to fall
Oh oh oh oh oh oh oh

Strobelights are everywhere
Smoke is filling the air.
Turn up the fader, yeah
This is how hard we go

Got that neon in my cup
Check one two three now turn me up
DJ plaing my song in the club
Get me on

So louder better hit me with the kick
Don't stop get the bass on pumping it
To the beat, Do you feel that
Boom boom
Tell me do you feel that
Boom boom boom boom

Strobelights are everywhere
Smoke is filling the air.
Turn up the fader, yeah
This is how hard we go
