

Spooky Lady's Revenge

Kris Kristofferson

Looky here, who's in focus now
Hard and clear to the bone
No more fears that you'd notice now
Like a tear cast in stone
And she comes from a spring to a fountain
On the wings of her song
She's the king of the mountain
She's so good, Lord, and she's gone

Cause she's a star-see her shining
She'll go far, for a price
But she's hard in the heart like a diamond
Flashin' fire--cold as ice

Cause she's a star-see her shining
She'll go far, for a price
But she's hard in the heart like a diamond
Flashin' fire--cold as ice
