

# Chip On My Shoulder

Krizz Kaliko

Genius

A person of great and original creative ability  
Of extreme talent and superior intellect  
This is genius  
Chip on my (chip on my)

Shoulder

I can't hold it in much longer  
Words are gettin' stronger  
I'm gettin' closer to you  
You're closer to me  
So knock the chip off and we'll see

Now I got a chip on my shoulder

Might as well be a boulder  
I'm holdin' it And I got a holy road of motors  
Take a bite off my, right off my plate  
Then I'm leavin' a piece the meat with no seasoning  
You can't even it out with a steam roller  
I steamed over your free thrower  
Sick in style is Ebola  
He colder than a mouth full of Ricola  
Bacardi on the rocks and Pepsi Cola  
Maybe you be that youngster when you're a wee older  
Chip on your shoulder when you know you're an elite soldier  
Believe me, don't wanna see me on  
When I hit TV, better leave me on  
Spit telekinesis as far as it reaches  
People can see I'm a beast at this  
Hit the repeat and the heat don't be leavin' this  
Got a chip on my shoulder and I'll bet you'll be shavin' it

Ay ay!

There's a chip there (too)  
Got a bear you too  
While I dare you  
What I say to you might scare you  
The rap's apostle'll possibly pop you  
Wrassling hip-hop with a birds eye view  
When I had on a mask since I was about two  
So (they're gonna laugh) at me not you  
Lyrically I'm the atrium  
when ya facin them  
Never mind cause you hatin them  
40 said if you do you do diligent  
You could be killin em stacks you could Krizz I pissed in all of the cylind  
rs  
Even if we get crumbs for runs  
The stadiums are still fillin up  
We killin em  
Anybody runnin up  
The head on the snake and bat flyin mammals so nigga what  
Gone dig em up  
Yo favorite rappers and start feelin em again  
Kali'll kill em again
