

Proof Of God

Krizz Kaliko

I can only imagine
What heavens like (nothing like this)
And we can only imagine
From the other side (nothing like this)

Can you tell me what it's all about
When I'm on my knees I cry out
Why is the world like this?
And what did I miss?

People die, children cry
People lie, I don't know why
I think you would be feeling the same
If you were the one in my place

I wanna love you
I wanna know you
I want to tell you things I think your telling me

I wanna meet you
I wanna see you
I don't want it to be this hard
To see this proof of God

Can you tell me what it's all about
And why the world is overcrowded
My days are gray and look the same
Feels like it's not going changing

Can you tell me what it's all about
Some people gotta do without
Maybe I'll teach the world to sing
Then everybody live my dream (Yeah!)

People die, children cry
People lie, I don't know why
I think you would be feeling the same
If you were the one in my place

I wanna love you
I wanna know you
I want to tell you things I think your telling me

I wanna meet you
I wanna see you
I don't want it to be this hard
To see this proof of God
