## **My Savior**

## **Krystal Meyers**

I feel guilty sometimes when I pray Stealing time from needs that are great Still you listen to every word I say And I want to thank you And I I'm amazed to call you mine My Savior I'm laying it at your feet Your love, it consumes me My Savior You've given me all I need Your grace and your mercy I've been thinking about what you did I'm empty handed So what could I give? But all you ask of me is the life that I live So I'll be faithful And I I'm not ashamed to call you mine My Savior I'm laying it at your feet Your love, it consumes me My Savior You've given me all I need Your grace and your mercy I never wanna be away Forever I'll pursue Everything it takes to be with you My Savior I'm laying it at your feet Your love, it consumes me My Savior You've given me all I need Your grace and your mercy
