

Ol' Jack Tar

Kula Shaker

Cold on horizon
Hope of the sea
A breeze
Calling me back to my love

Oh despair
How softly we cry and mourn for a dream
Just a dream
Oh
Wait for me

Slow on my armour
Cool on my mind
This time
I'll be forever with you

I have waited so long I can't take the stars in degrees
In degrees
Oh
Wait for me

'Cos you are my home
Across ocean and farm to be there
To be there

Moon on the water
Churn in the deep
My sleep
Has ended and I'll come home to you

Now your love
Blows gently
And haunts these sails
Cross the sea
It's endless sea
Oh
Wait for me

Oh
Wait for me
Wait for me
Wait for me
Wait for me
