

Smart Dogs

Kula Shaker

Dancing in your shadow I was riding through a different state of mind
No one can perceive the state I'm in it's like the living world is blind
It's a feeling like no other
spending easter with your mother darling it's a freaky roller coaster ride
Well if you know the feeling baby peel me off the ceiling baby
Did you know that planet earth was blue
turning blue
Don't you try and talk to me
I'm a space man sitting in the sky
I'm a sleeping sweetly honey
let the sleeping pretty smart dogs lie
Let 'em fly
Wait until tomorrow see the summer sun upon the ocean sky
Look to the creator
see the master of magicians fantasize
It's a feeling like no other
spending easter with your mother darling it's a freaky roller coaster ride
Well if you know the feeling baby peel me off the ceiling baby
Did you know that planet earth was blue
turning blue
Don't you try and talk to me
I'm a spaceman sitting in the sky
I'm a sleeping sweetly honey
let the sleeping pretty smart dogs lie
Let 'em fly
