

Sound of Drums

Kula Shaker

I hear the sound of drums and a melody
I hear the sound of drums
Well, singing the names above in the city, yeah
Revolution for fun.

I feel the time has come like a remedy
I feel the time has come
We're shaking the spear of love in the city, yeah
I hear the sound of drums, yeah yeah.

But can you feel the love for me, yeah yeah
I feel the time has come
I hear the sound of drums.

I hear the sound of drums on a melody,
calling me to return.
Well, light up and catch the sun 'cos it's gonna be
Revolution for fun, yeah yeah
Can you feel the love for me, yeah yeah.

I feel the time has come
I hear the sound of drums

Well, I feel the time has come for the melody
I see the golden one
Well, i'm not the only one with the remedy
I'm not the only one.

I feel the time has come
I hear the sound of drums.
