

## Timeworm

Kula Shaker

Oh brother please  
We are born to this world again  
How can we see  
When we;re travelling in time

Love is the key  
And the key is the name my friend  
When will we see that we're  
Travelling in time

Know that your soul  
Is on fire  
Like a million suns  
Burn like a star  
And be travelling in time
