

# Not Alone

Kygo

You're not alone  
I'm awake and I've been missing you  
I remember it well  
Shut out the lights, so I can lay here and just think about you  
Don't wanna dream again tonight

Oh oh oh, I'll just lay here and wait  
For the first light of the day  
Oh oh oh, you're the sun that I craze  
You're the first light of the day

You're not alone  
I'm awake and I've been thinking of you  
I wanna hold on to you right  
I wanna see whatever you see when you open your eyes  
I wanna be right by your side

Oh oh oh, I'll just lay here and wait  
For the first light of the day  
Oh oh oh, you're the sun that I crave  
You're the first light of the day

You're not alone (you're not alone)  
You're not alone (you're not alone)  
You're not alone (you're not alone)  
You're not alone (you're not alone)  
You're not alone (you're not alone)  
You're not alone (you're not alone)  
You're not alone (you're not alone)  
You're not alone (you're not alone)  
You're not alone (you're not alone)  
You're not alone (you're not alone)  
You're not alone (you're not alone)  
You're not alone (you're not alone)  
I'll go wherever you need me to go  
You're not alone (you're not alone)  
You're not alone (you're not alone)

No, I won't leave you now  
I'll always be around  
No, I won't leave you now  
I'll always be around  
You're not alone  
You're not alone, you're not alone
