

# Stranger Things

Kygo

Stranger things  
We're like, we're like a stranger things (very far)  
We're stranger things (dream of places at)  
'Cause that's just who we are

We used to run around this ghost town  
Always thinking out loud  
Are we gonna get out  
I remember  
We dream of places that we could go  
Castles with the strange glow  
People that we don't know  
I remember

We left a life  
That's ordinary from the start  
We looked for stranger things  
'Cause that's just who we are  
Found me the edge of something beautiful and loud  
Like I'm picturing now

Castles glitter under Spanish skies  
But I'm just looking after you tonight  
Snow white mountains in a foreign state  
Tell me someday we'll get there  
Someday  
Someday

I see a Technicolor shadow  
Underneath your window  
Just in case you don't know  
I can see it  
You cast an unfamiliar day glow  
Different than what I know  
Shining like a halo  
I can feel it

We turned our back on ordinary from the start  
We looked for stranger things  
'Cause that's just who we are  
Found me the edge of something beautiful and loud  
Show me the sky falling down

Castles glitter under Spanish skies  
But I'm just looking after you tonight  
Snow white mountains in an ancient place  
Tell me someday we'll get together  
Someday  
Someday
