

If You Don't Love Me

Kylie Minogue

You can tell me anything
You can tell me anything
I'll believe you
You know it too
Share the truth with lies
Say the sun won't rise
Will you realise

If you don't love me
You don't love me
I will know
If you don't love me
You don't love me

You can ask me anything
You can ask me anything
I will do it
You know it too
Nothing that I'll do
If you want me to
And it's all so true

If you don't love me
You don't love me
I will know
If you don't love me
You don't love me

I'll know
