If Only Everything

If it gets you down Well then I want it If it gets you up, well I don't want it Lets you down So broken hearted If it gets you down Well then I want it

If only we're nothing at all

So blow my mind It's just so crazy Those long, long days Just make it eighty So roll the wheel And there it goes And where it stops You never know If it gets you down Then just don't blame me

If only we're nothing at all
