

# Mondo Generator

Kyuss

Ah! Who's gonna take you there/tell you that?  
You're such a good way back...long (3x)  
way from here.

Yeah, down

What's the difference?  
What do you do?  
Mondo generator.  
Well, I try to cross the edge.  
Well, who, who can find me there?

I want to find you there, I'm never coming.  
Who was the tragic fool? What's wrong with my head?

You try to match it without a hope in hell, you're such a fool.

I cannot take you there.  
What does (3x) it take?  
Every time I knew you, you try to, I can't hear you there.

There's something there.  
You try to match it without a hope in hell, you fucking fool.  
What fucking difference does it make?  
There's nothing left but what goes up (4x)  
I gotta do something or what will happen there might fuck.

When you look back you gotta a long way to go there (there).  
What the fucking hell is going on?  
I tried more and more (more!!!).  
I gotta give.  
Get back, you gotta give.  
Oh (3x). (Oh)
