## **Time After Time**

Labyrinth

Father, please, take care of my soul maybe I won't be so strong Time has come for me to close my wings and pay for my Mortal sin

You ... don't try to stop the Pain that rides into my veins - inside it's like a river flowing straight fulfilled of Hate

Time after time but what has left behind? nothing else than lies ... All this long time got me to find they sealed my Heaven Denied

Stop this Hatred burning in my head now i'd need to forget

You ... don't try to stop the Pain that rides into my veins - inside it's like a river flowing straight fulfilled of Hate

Time after time but what has left behind? nothing else than lies ... All this long time got me to find they sealed my Heaven Denied

Time after time tonight we can finally see the light it's light of love calling me am I dreaming, is it real? ... No more lies ...

Time after time ...
