

Tomorrow Is Heartbreak

Lagwagon

Bitter X it must feel better
Holding that grudge
It's a feeling so familiar
Not unlike love

Unrequited she's scarred in hatred
Yesterday's moving
It's easier to locate
A better nest

Tell them you never lived in such a mess
Emily at her best in black
Reminds them all to stand back
At a distance they won't notice the act

All that she lacks
You can see up close she's bitter
Remembering wasted dinners
Can't expect the creep to stay long

But he's not the one who pissed her off
Today is denial
It's easier if she won't
See him again

He's just another trip best forgotten
Emily may be odd
But she always gets even
It's not unlike love

Emily will find him again short-term boyfriend
Emily, you'll always be alone
Tomorrow is heartbreak
Tomorrow is heartbreak
So bitter ex I'm sorry
Sorry I bit that hook
I'm just a bad cliché in your black book
