

Day For Finding Someone

Lake Malawi

Day for finding someone like you
I made a list of things we could do
Day the sun in our eyes shines through
Day for finding someone

Day for finding someone I need
Someone better than you and me
Day for finding someone to be
Day for finding someone

It's the day for finding someone
Please!
You must release, you must release
You must release me
Day you know you'll have to leave
You must believe, you must believe
You must believe me

January sunshine, we'll meet
On a day in winter which feels just like spring
Day that you return to your old street

Why would you say that it's over?
Over

Day for finding someone
Please!
You must release, you must release
You must release me
Day you know you'll have to leave
You must believe, you must believe
You must believe me

What if I can't go back home?
Tell me, how should I carry on?
When I'm losing someone

I hope I'll be strong
You will be strong

I hope I'll be strong
You will be strong
