

In The Comet

Laleh

In the comet we found there where more than simple combination
of icedust and gas there where part of a circus and parts from
party
dresses.

Now the best explanation for this is someone have a party
on an other planet and we're not invaded.
The host have probably read that. The memories of an
danger beautiful elephant.
I know i am mumbling crazy honey. But i can sing you love
songs now. Those songs are like sleep to us.
Necessary but it has to wait.

Cause first i got to see what this comet is.
Primary called. Give some answers.
And search in labs after good results.
Who do you think you are you're not a scientist.
You just clean the floors here.

Nothing is mine
And nothing is forever.
My dream last night.
Might as well just be a cleaver act.
But we never found a party dress.
In the circus.

And though just hit me about us.
Of course we are.
Why didn't i think of this before.
Of course we are, we are stardust
We are stardust
We are stardust
Of course we are, Yee y

I know i am mumbling crazy honey.
But i can sing you love songs now.
Those songs are like sleep to us.
Necessary but it has to wait.

We are stardust
We are stardust
I know who we are, We are stardust
