

Like The Morning Dew

Laura Mvula

Our love is like the morning clouds
Like the morning dew, that goes away
Our love is like the morning clouds
Like the morning dew that goes away

Nothing lasts but memories
The best one seem to go by slow
Try to write the perfect song for you
Then I realize it didn't belong to me
It didn't belong to me

Our love is like the morning clouds
Like the morning dew, that goes away
Our love is like the morning clouds
Like the morning dew that goes away

Heaven knows how long to go
We never have a thing to show
Every day seems like the same
Then I realized I didn't belong to you
I didn't belong to you

Our love is like the morning clouds
Like the morning dew, that goes away
Our love is like the morning clouds
Like the morning dew that goes away

Like the morning dew
Love is like the morning clouds
