

# Walk The Dog And Light The Light (song Of The Road)

Laura Nyro

Gonna make my livin'  
Independence  
Workin' with the gypsies  
They call it 'that ribbon of highway'  
Gonna buy a house  
Make it a home  
Another mile  
A shot of coffee  
Take my sugar  
On the phone

"Child of mine  
I'm headin' for the city line  
Ooh walk the dog  
And light the light  
I'll see you Sunday  
'Cause I'm workin' on  
Saturday night"

They make their livin'  
Their independence  
Dawn through moonlight  
On both sides  
Of that ribbon of highway  
A melting pot  
They come from all over  
Through down south  
Pacific rim  
Northern snow  
And east through autumn  
Are you fine?  
My love  
Mama's headin' for the city line  
Ooh run the dog  
Darlin', light the light  
I'll see you Sunday  
'Cause I'm workin' on  
Saturday night

See you Sunday 'cause  
I'm workin' on Saturday  
Night

Operator  
Take this precious dime  
Precious time  
Mama's headed for the city  
The city, the city line

Ooh in my heart  
I will light the light  
And see you Sunday  
'Cause I'm workin'  
On Saturday night

See you Sunday  
'Cause I'm singin'

On Saturday
