

Simply Beautiful

Leela James

If I gave you my love
I tell you what I'd do
I'd expect a whole lotta love
Out of you, huh

You got to be good to me
I'm gonna be good to you
There's a whole lot of things
You and I could do, huh, hey, hey
Huh, baby

What about the way you love me, ohh
And the way you squeeze me?
Yeah, hey, simply beautiful
Yeah, yeah, beautiful, yeah

When you get right down to it, ohh
When you're needing me
Baby, baby, baby

Now, yeah, sometimes when you're feelin' low
All you gotta do is call me
I am simply beautiful, baby, baby

There are so many good things
I could say about you, girl
I could say that I really, really, love
I really, really, really, love
