

## Minute Prologue

Leonard Cohen

I've been listening  
to all the dissention.  
I've been listening  
to all the pain.

And I feel that no matter  
what I do for you,  
it's going to come back again.  
But I think that I can heal it,  
but I think that I can heal it,  
I'm a fool, but I think I can heal it  
with this song.
