

Just Let Me Cry

Lesley Gore

Oh stars on high, why can't I make you see
That I don't want your light to shine on me
He said goodbye; just let me cry, yeah

Don't let me hear the robins sing above
What's good's this song if I've no one to love
He said goodbye; just let me cry, yeah

Hide every lovely flower from my sight
Don't let that dreamy moon come out,
out tonight
And please don't let me see two lovers kiss
Don't let me be reminded what I miss
He said goodbye; just let me cry, yeah

He said goodbye; just let me cry, yeah
Just let me cry,
just let me cry
