

# Love Me By Name

Lesley Gore

I tried so hard, to be carefree  
Rolling out of someone's bed into the sunshine  
But the sun coming up  
Doesn't always bring the light  
And somehow I feel  
It's just not right, not for me

Chorus:

It's been so long  
Since I've been loved by name  
Love me by name  
Love me by name  
Come on, come on, come on, come on

I feel afraid, I don't know why  
You're surely not the first I've had  
Who held me gently  
Who took the sweet time to ask me about me  
Well maybe this time, oh, God, let it be

Repeat Chorus
