

Teacher teach her, high school preachers,
Tassels to the left let's graduate,
Do what you do as long as you do it in style,
Porn scene demons burn you semen
Because it hurts when a child is born with horns,
Do what you do as long as you hug long enough to rape

Teacher teach taught her we taught her the right way,
Did you expect to find another way?
Teacher teach her we'll find another way,
Did you expect to fuck another day?
Oh my god no we're not alone

(We're the only ones caste forgiven)
It's a good thing your god blinked
But watch out for the angels with cameras
Hands up, with your head in them,
And the wool on your eyes
Camera catches friends in vain, and the spool is surprised
