

How We Do It

Lights

Ask me a question
I only want to talk
So get a little closer
Cause time is all we got

Nothing is easy
Nothing is free
But it doesn't matter
Nothing to me
Cause we could go anywhere

Got nowhere to be
It doesn't mean anything
These cities always become cities
as though we were visiting
We are all just passing through it
Looking for someone to notice how we do it

I want to be happy
I want to die in love
When I get the money
I'm going to burn it up
So we can go chasing
After the thrill
Time isn't wasted
it's trying to be filled
And we can be anywhere

There's nowhere to be
It doesn't mean anything
These cities always become cities
as though we were visiting
We are all just passing through it
Looking for someone to notice how we do it

It doesn't go out in the blaze of glory
It's all about how you ended up where
Maybe we live just to tell our story
And how to get there oh

There's nowhere to be
It doesn't mean anything
These cities always become cities
as though we were visiting
We are all just passing through it
Looking for someone to notice
There's nowhere to be
It doesn't mean anything
