

The Horror

Lights

All the words are falling off the page
Now there's monsters on my sheets
You should shut your eyes, lady
It's time to go to sleep

Whose feet are on the floor?
Who's looking through the door?

Who's going to be the one
To see the morning come?

Be my fire right by me through the darkness
Never been so damn afraid before
Save me from the horror

I've been reading all of the wrong books
Filling my head with the wrong scenes
Sure, I'd shut my eyes if I could
But I can't get no sleep

Whose feet are on the floor?
Who's looking through the door?

Be my fire right by me through the darkness
Be my night light, I can't feel the moon
See my sorrow, be my own solace
Never been so damn afraid before
Save me from the horror

It's there, then it's not
It's a fear I made up
Now you're here, but you're not
Still you're all that I got

Be my fire right by me through the darkness
Be my night light, I can't feel the moon
See my sorrow, be my own solace
Never been so damn afraid before
Save me from the...
