

Up Up And Away

Lights

We had a rocket, that fell out of orbit
We couldn't stop it, we couldn't control it
We were in a good course, it was a good flight
But I felt the heart force, holding me too tight

We are rockets, in the sky
We are planets, passing by
Up up and away
Forget me, go your own way

Sometimes a heart cools
After the heat goes
Sometimes the mind fools
Only the body knows

We are rockets, in the sky
We are planets, passing by
Up up and away
Forget me, go your own way

Up up and away
Up up and away
Up up and away
Up up and away

We are rockets, in the sky
We are planets, passing by
Up up and away
Forget me, go your own way

We are rockets, in the sky
We are planets, passing by
Up up and away
Forget me, go your own way
