

Cake

Lily Allen

Don't let anyone
Ever tell you
Who you are
Or can and can't become
So what if it's one, in a hundred
Who's to say, you are not that one?
Maybe it's, sleepless nights
Eventually you'll get a piece of that partiarchy pie
They'll be tears, drawn out fights

[illegible]

I know what it's like, in more difficult times
I was treading a line
Between drive and survival
If I could go back see myself as a child
I'd say stick to your guns girl
In fact go get that rifle
They will try, to take you down
Men in the middle
Keep the world spinning round
Love this life
Stand your ground

[illegible]

There's some light
Think you need it
You look so god, damn defeated
Why'd you feel so cheated
Best believe it

[illegible]

Have your cake and eat it
Have your cake and eat it
Have your cake and eat it
Have your cake and eat it
Have your cake and eat it
Have your cake and eat it
Have your cake and eat it
Have your cake and eat it
Have your cake and eat it
Have your cake and eat it
Have your cake and eat it
